

Thy Kingdom Come Prayer Walk

FOR EASTER WEEK 2019

GUIDED AUDIO >

"Heaven is a wonderful place, filled with glory and grace! I'm gonna see my Savior's face 'cause Heaven is a wonderful place." This little song from my childhood is cute but it doesn't come close to describing our fullest hope and confidence for our future with our God!

Our hope is far greater than just seeing His face.

What we read throughout the Old Testament and see begun in the New Testament is Jesus **the King** beginning the transformation of our hearts, our bodies, and our whole world—restoring everything He made into everything He meant it to be—that is—His place to rule and reign with us. Though our Good Friday Prayer

Walk Audio is a reflection on the death of Jesus, it focuses on the Kingdom of God—promised, initiated and ultimately fulfilled in Jesus. Thank you to Chris Burkholder for his song "Set Us Free" included in the audio file. We recommend stopping the audio from time to time and listening to these songs from The Porter's Gate Album.

Look to your Gospel accounts for the full story of our Savior's Death and Resurrection. . . and then go enjoy this meditation in a place that whispers His goodness to you.

Blessings from Prov Writers!
